2. Ongoing Fund Expenses

The management expense ratio (MER) includes the management fee and operating expenses of the fund. The MER includes the insurance cost for the guarantee. You don't pay these expenses directly. Additional fees will apply to the IncomePlus v2.0 guarantee option and are paid out of the contract each year. The fund fee rate for this fund is a Level 3. MERs and guarantee fees affect you because they reduce the return you get on your investment. For details about how the guarantees work, see your insurance contract.

Guarantee Option	MER (Annual rate as a % of the fund value)	Fund Fee Rate (%)
IncomePlus v2.0	2.71	0.85

Trailing commission

Manulife pays a trailing commission of up to 1.00% of the value of your investments each year for as long as you own the fund. It is for the services and advice your advisor provides to you. The trailing commission is paid out of the management fee. You don't pay these expenses directly. The rate depends on the sales charge option you choose.

3. Other Fees

Trading Fees apply to all guarantee options and sales charge options and are paid to Manulife.

FEE	WHAT YOU PAY
Frequent Trading Fee	2% of the value of units you trade for switches exceeding 5 per year.
Early Withdrawal Fee	2% of the value of units you sell or transfer within 90 days of buying them.
Small Policy Fee	\$100 annual fee is applied to IncomePlus v2.0 with a GWB Benefit Base that is below the initial deposit minimum.

You can change your mind about investing in this fund, but you may have as little as 2 days to do so. 2. Ongoing Fund Expenses

The management expense ratio (MER) includes the management fee and operating expenses of the fund. The MER includes the insurance cost for the guarantee. You don't pay these expenses directly. Additional fees will apply to the IncomePlus v2.0 guarantee option and are paid out of the contract each year. The fund fee rate for this fund is a Level 4. MERs and guarantee fees affect you because they reduce the return you get on your investment. For details about how the guarantees work, see your insurance contract.

2. Ongoing Fund Expenses

The management expense ratio (MER) includes the management fee and operating expenses of the fund. The MER includes the insurance cost for the guarantee. You don't pay these expenses directly. Additional fees will apply to the IncomePlus v2.0 guarantee option and are paid out of the contract each year. The fund fee rate for this fund is a Level 3. MERs and guarantee fees affect you because they reduce the return you get on your investment. For details about how the guarantees work, see your insurance contract.

Guarantee Option	MER (Annual rate as a % of the fund value)	Fund Fee Rate (%)
IncomePlus v2.0	2.59	0.85

Trailing commission

Manulife pays a trailing commission of up to 1.00% of the value of your investments each year for as long as you own the fund. It is for the services and advice your advisor provides to you. The trailing commission is paid out of the management fee. You don't pay these expenses directly. The rate depends on the sales charge option you choose.

3. Other Fees

Trading Fees apply to all guarantee options and sales charge options and are paid to Manulife.

FEE	WHAT YOU PAY
Frequent Trading Fee	2% of the value of units you trade for switches exceeding 5 per year.
Early Withdrawal Fee	2% of the value of units you sell or transfer within 90 days of buying them.
Small Policy Fee	\$100 annual fee is applied to IncomePlus v2.0 with a GWB Benefit Base that is below the initial deposit minimum.

2. Ongoing Fund Expenses

The management expense ratio (MER) includes the management fee and operating expenses of the fund. The MER includes the insurance cost for the guarantee. You don't pay these expenses directly. Additional fees will apply to the IncomePlus v2.0 guarantee option and are paid out of the contract each year. The fund fee rate for this fund is a Level 2. MERs and guarantee fees affect you because they reduce the return you get on your investment. For details about how the guarantees work, see your insurance contract.

Guarantee Option	MER (Annual rate as a % of the fund value)	Fund Fee Rate (%)
IncomePlus v2.0	2.21	0.75

Trailing commission

Manulife pays a trailing commission of up to 1.00% of the value of your investments each year for as long as you own the fund. It is for the services and advice your advisor provides to you. The trailing commission is paid out of the management fee. You don't pay these expenses directly. The rate depends on the sales charge option you choose.

3. Other Fees

Trading Fees apply to all guarantee options and sales charge options and are paid to Manulife.

FEE	WHAT YOU PAY
Frequent Trading Fee	2% of the value of units you trade for switches exceeding 5 per year.
