ADVISOR: This farm is worth more than the value of the land. It's a way of life for a family and a community.

After Mike's accident, the family and I sat around the kitchen table. I wouldn't have understood the whole family dynamic if I hadn't been involved for all those years. I'd watched those kids grow up.

He had big dreams of passing the farm down to his five kids, so they could pass it their kids too one day. And now they can.

Mike would have been happy. We took a difficult situation and helped turn it around.
