

## Have clients make deposits to their contract in a fast and secure way

**00 :53 seconds**

Did you know that your clients can use online banking to deposit funds into their Manulife segregated fund contracts or guaranteed interest accounts?

This is a fast, secure and flexible option for clients to make lump-sum contributions to their investments. Just remember these simple steps:

One: Your client completes the online payment and confirms to you that the deposit is complete.

Two: You log in to Online Transactions, select 'Online Banking' as the deposit method and complete the trade.

Spend time on things that matter, not on paperwork.

Sign in to [Repsource.ca/OnlineTransactions](https://Repsource.ca/OnlineTransactions) to learn more.

Live training sessions available.

### **For advisor use only.**

Based on how you're contracted, you may not be able to send documents to Manulife through OLT. If you are an MGA or National Account Channel advisor and you cannot use this functionality, please contact your back office. Even without access to send documents electronically, using OLT is still a best practice to help make sure your forms are up to date and pre-filled accurately, and to save you time entering client and contract information. Complete the application or deposit form in OLT to utilize the in-good-order edits available and mail the cheque to a Manulife office.
