

Manulife Asset Allocation Portfolios

Sophisticated investment solutions made simple

Getting big decisions right

Deciding how to invest is one of life’s big decisions—in fact, it’s a series of many decisions that will have a big impact on your future. It can be complicated and overwhelming, leaving you feeling uncertain and anxious. The result? Many investors end up chasing fads, trends, and short-term thinking, which can interfere with your ability to achieve long-term financial goals.

As an investor, you want to make the most of your investments. You want to feel confident you’re receiving value for your money and reputable, professional advice.

What you need is a simple yet effective way to invest. Manulife Asset Allocation Portfolios offer a solution that can help you get it right.

Manulife Asset Allocation Portfolios

Manulife Asset Allocation Portfolios consist of four fully diversified, actively managed fund-of-funds investment portfolios that include exchange-traded funds.

Each portfolio is designed for a specific risk tolerance and return objective. They’re simple to understand, easy to buy, and provide access to some of the most popular investment strategies that Manulife Investment Management offers in a single, one-ticket solution.

Manulife Asset Allocation Portfolios are managed by Manulife Investment Management.

Manulife Asset Allocation Portfolios are available in the InvestmentPlus Series of the Manulife GIF Select, MPIP Segregated Pools and Manulife Segregated Fund Education Saving Plan insurance contracts offered by The Manufacturers Life Insurance Company.

Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments and the use of an asset allocation service. Please read the fund facts as well as the prospectus of the mutual funds in which investment may be made under the asset allocation service before investing. The indicated rates of return are the historical annual compounded total returns assuming the investment strategy recommended by the asset allocation service is used and after deduction of the fees and charges in respect of the service. The returns are based on the historical annual compounded total returns of the participating funds including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any securityholder in respect of a participating fund that would have reduced returns. Mutual funds are not guaranteed, their values change frequently and past performance may not be repeated.
